

## Retreat Results: Dreams For/About Zion

Throughout the day, participants were asked to think about and document their dreams for and about Zion. The following items for documented:

1. Greater collaboration and sharing of area staff, programs and resources between ELCA congregations and other entities affiliated with "The Church". Zion becomes the "hub" for these relationships
2. Attract younger members...church has aging membership!
3. Activity 12 hours a day
4. To be known by our actions
5. Various social activities (golf outing)
6. More "whole" church fun activities instead of just small groups (ex. Family picnic/chicken broil)
7. Multi-dimensional to attract seekers of the spirit
8. Multipurpose/gym for Zion and community activities (lock-in, basketball, alternative worship)
9. Community service role
10. Lutheran by "brand" not only denomination
11. World intersection, where faithful, interesting people from around the world come
12. Dedicated education hour (not at worship times)
13. Young adults want to be involved
14. Every member tithes
15. Get every member to commit 2 hours a month to accomplish the vision
